

BAND CONCERT AT VICTORY RALLY

Will Be Staged in Front of
Young People's
Building

PUBLIC IS INVITED

Everybody Should Purchase Bonds—
Read What Julius Rosenwald Says
Regarding Bonds.

It is expected that there will be a
general turnout of citizens at the open
air meeting in front of the Young
People's building at 8 o'clock tonight
in the interest of the Victory Loan.
On this occasion there will be a band
concert by the 23rd Infantry Band
of Fifty pieces.

L. F. Rowe will deliver an address.
Mr. Rowe is assistant acting secre-
tary of the Treasury and is an able
speaker.

The public is cordially invited to
attend. The affair will be under the
auspices of the local Victory Loan
Committee.

Reports received indicate that
there is considerable increase in the
purchase of Victory Bonds.

Alexandria, however, is a long way
from reaching the top and every citi-
zen is asked to buy all of the bonds
possible in order to have Alexandria
reach her allotment of \$554,800 by
Saturday night. They pay four and
three quarters per cent.

If you are still undecided about
bonds, and value the opinion of an
able business man, you will be in-
terested in what Julius Rosenwald
said last night. He, by the way,
subscribed for a million of these
bonds as he has for a million of
every issue thus far. It makes lit-
tle difference to him, apparently,
whether they go up or down; if they
go up, he will give the money away,
which is his habit; and if they go
down, he won't miss the money.

He told his audience last night,
as he has been telling his own em-
ployees and others, who cannot af-
ford to lose any money, that the
bonds now offered for sale cannot
possibly be worth less than par at
any time. The probability is that in
a few weeks there will be a profit in
every bond bought. He explained
this matter thoroughly; his word is
good, and so is his business judgment.
It should not be necessary to prove
that these bonds will not, temporarily
drop one dollar or two. They are a
first mortgage on this Government.
They will be paid in five years in full
with interest. And they are the best
investment in the world.

You saw, perhaps, one of the
parades of crippled soldiers, men
walking, limping, or carried along
because one or both legs were gone.
Those men took a chance; they
went over at par and came back be-
low par, and they must stay below
par, physically, until they die. Fifty
thousand men are dead, because of
the war. Their life went bankrupt as
regards this earth. Tens of thousands
are wounded, eyes, legs, arms missing,
never to come back. The man who
stayed safely at home, who has the
money, and who hesitates about buy-
ing a first mortgage on this country
because some fools may allow it tem-
porarily to go a few points below par,
is a shabby kind of an American.

It is a pity to let him have such
a good investment as these bonds
represent.

STAGE ROMANCE ENDS

Chorus Girl Sues to Have Her Mar-
riage by Mayor of Newark
Annulled.

New York, May 7.—A process ser-
ver from the office of Burger and
Burger, attorneys for Mrs. Ethel May
Reynolds, has succeeded in tagging
Thomas L. Reynolds, at Forty-second
street and Broadway. The tag this
time consisted of a summons in a suit
for the annulment of Mr. Reynolds'
latest marriage, which took place on
May 27 last in Newark, N. J.

She says in her complaint that Rey-
nolds told her all kinds of fibs to in-
duce her to marry him.

Among the things she says he did
in addition to giving her several thou-
sands of dollars in cash, 50,000 shares
of stock in an oil company and an
automobile, was to represent himself
as being prominent in politics, in real
estate matters and in finance.

He also told her, she alleges, that
he had been a State Senator, the
United States Ambassador to Russia
and that he was about to be a can-
didate for United States Senator on the
Democratic ticket.

On the evening before their contem-
plated marriage, she says, he was ar-
rested on a charge of running a gam-
bling house. He told her that it was
merely a plot of his political enemies
to ruin his chances of getting the
Democratic nomination. He would foil
them all.

Mrs. Reynolds says that it was not
until after they were married that she
learned that, although Reynolds
had been more or less prominently
identified with Tammany politics, he
was not the well-known former State
Senator Reynolds nor had he ever
been Ambassador to Russia.

She learned also, she says, that he
had pleaded guilty to the charge of
gambling and that she was not his
first wife. He had had, she says, two
wives from whom he had been divorced
before he met her and that he was
once sued by Jacques Bustanoby for
the alleged alienation of the affec-
tions of Mrs. Bustanoby.

Altogether, Ethel May declares, Mr.
Reynolds was not the kind of a man
a hard working chorus girl would
have picked out for a life partner,
and she hopes the Court will just
cancel the whole affair and give her a
clean matrimonial slate, so the next
time she will know better than to be-
lieve everything some men tell her.

KILLED HIS BLIND SON

Aged Quebec Farmer Pushed Him
Into River to Save Expense

Hull, Quebec, May 7.—Louis For-
get, a 90-year-old farmer of Namur,
La-belle county, Quebec, was brought
yesterday to stand trial on a
charge of having murdered his son,
Ambrose Forget, aged 35, by pushing
him into the Little Range River. The
son had been blind from infancy. He
was drowned last October, but it was
May 1 before the body was recovered
by river divers.

Forget is alleged to have confessed
at the preliminary hearing before Jus-
tice of the Peace Gachet that, owing
to his straitened circumstances and
the helplessness of his son, he had
decided to do away with him.

FAILED TO HONOR FLAG

Sailor Fires at Man Who Refused to
Stand While Anthem
Being Played.

Chicago, May 7.—Disrespect for the
American flag and a show of resent-
ment toward the thousands who par-
ticipated in a Victory loan pageant
here last night may cost George God-
dard his life. He was shot down by a
sailor of the United States Navy when
he did not stand and remove his hat
while the band was playing the "Star-
Spangled Banner."

Godard had a seat of vantage in
the open amphitheatre. When he fail-
ed to stand he was the most conspicu-
ous figure in the throng. When he
fell at the report of the "sailor's"
gun the crowd burst into cheers and
handclapped.

START OF NAVY FLYERS SET FOR TOMORROW

Rockaway Beach, N. Y., May 7.—
The start of the three American sea-
planes to Halifax, preliminary to
their trans-Atlantic "hop" is now ten-
tatively set for tomorrow. Weather
conditions were adverse today.

WATCH I. W. W. MEETING

Radicals Adjourn Conference Fear-
ing Raid by Chicago
Authorities

Chicago, May 7.—There was a
hurried gathering of papers from
desks and benches and a rush to the
door by delegates attending the na-
tional convention of the Industrial
Workers' of the World yesterday
when a rumor spread that the au-
thorities would raid the hall at 2
o'clock.

The report was false, but the
delegates spent the remainder of the
day in small committee groups,
meeting in saloons and lodging
houses.

This was the second day of the
convention, and the only radical ac-
tion was directed toward their own
leaders by moving forward the reso-
lution limiting paid officers to two-
year terms. The resolution was de-
bated and was ready for a vote when
recess was taken prematurely.

Adoption of the resolution will
automatically end the identification
with the organization of William
D. Haywood as secretary treasurer
now serving a long term in Fort
Leavenworth for conspiracy against
the government.

Haywood, as secretary treasurer,
transacted most of the business and
handled the funds. That the office
was coveted by several of the dele-
gates was made clear, during the
debate. While the officers did not
interfere with the convention they
let it be known each delegate was
under surveillance.

"It is a regular harvest for us,"
said Chief of Police Garrity, "De-
tectives and secret service men are
collecting valuable information as to
who's who in Bolshevism."
"They are swimming like fish in a
net. A lot of them are wanted in
other cities and probably will be
turned over to the authorities in a
day or two. We expect to arrest
dozens."

Abner Woodruff, chairman of the
convention, protested against several
delegates being routed from their
beds at daylight while their bag-
gage was searched. City and gov-
ernment authorities denied such a
raid had been made.

WILL GET 89 FOE SHIPS

Peace Treaty Will Give Seized Ves-
sels to This Nation, Report

Washington, May 7.—Payment of
claims of the United States against
Germany will be made in part
through the transfer of German ships
according to authoritative reports
here yesterday.

Reported decision of the Peace
Conference, automatically adding
eighty-nine seized German ships to
America's fleet, for a "money con-
sideration," will help cover the
United States' bill of damages
against Germany officials say.

Although details of the confer-
ence decision have not been receiv-
ed, Shipping Board officials said the
United States would be awarded 654,
000 tons of shipping under its terms.
Brazil also comes in for a large
amount of tonnage under the report-
ed decision, and will get about 200,000
it was reported.

Claims of this government against
Germany embrace the loss of 350,000
tons of shipping through submarine
sinkings. They also include uncol-
lected debts, originating as long ago
as the sinking of the Lusitania, offi-
cials said.

Among the seized ships which ap-
parently are to be permanently ad-
ded to the American fleet are the
now famous George Washington
(13,300 tons), America (20,000 tons),
President Grant (19,800 tons), Presi-
dent Lincoln (21,000) and the Loya-
litan (52,000 tons). Figures given
are on the basis of deadweight ton-
nage.

All of the ships have been re-
christened and their new names will
remain now that they are the prop-
erty of this government, officials said.

A navy investigating board began
work of estimating damage done by
German crews to ships before they
were seized in United States ports
when war was declared on Germany.
The damage will be assessed
against the allowance made by the
Inter-Allied council on the German
indemnity for ships turned over to
the allied countries.

Acting Secretary Roosevelt said to-
day that when the navy board com-
pletes its work the bill for damage
will be submitted to be deducted from
the allowance made Germany on her
ships as part of her indemnity.

LOAN FACES FAILURE

United States Treasury officials are puzzled at the attitude of many people concerning the Victory Loan. The loan, it is feared, faces disgraceful failure through the indifference of individuals, many of whom have no legitimate excuses to offer. Thousands of working girls and youths of meagre incomes have actually denied themselves in order to subscribe to this loan, which, as the Gazette stated yesterday, is within the reach of all; hence there is but little excuse for any one.

We are passing through an era of high wages, and money was never more plentiful. There is remunerative work for all, but, unfortunately, as is generally the case during flood tides, a large percentage of surplus earnings is devoted to luxuries and extravagances.

The recession of this tide is inevitable, and when the downward current sets in the great mass will find themselves no better off than they were a few years ago. Money is now quickly earned and spent quickly. A Victory Bond neither eats nor drinks. It is as money and represents our surplus capital. The payments are made easy to all.

Six months ago Patriotism was animating our nation. We were realizing the world war had been won and the haughty German was hors de combat. The spirit which animated us then is appealed to now.

The picture of a good-natured workman in the act of placing his hand in his pocket while uttering the words, "Sure, let us finish the job," is seen in many windows. The artisan realizes that it is his duty to take a part in furthering the Victory Loan. The print should be an inspiration to every man to rally to the support of the government which has brought about this era

of prosperity as well as the defeat of the enemies of Liberty.

Alexandria, at present, is far from the top in supplying her quota. But little over half of her allotment has been subscribed. Let it not be said that our old city will be found lagging in this important work. We prefer to believe better things of her.

If the war had been lost; if Germany were leaving an enormous indemnity against the American people; if the American Allies in Europe were prostrate before a remorseless enemy, and if the pall of disheartenment hung low over the land, then it might be understood. The country would be sullen and sorrowful. It might even be in despair and its soul might lay crushed within it.

But it is not a woeful picture of defeat which we face. It is not even a picture of exhaustion. The country has barely been scorched by the heat of war. It armed itself for a conflict scheduled to run far into this year and perhaps into 1920. But through the courage and resourcefulness of the men in the field the triumph over Germany came far ahead of time. It came before America had her opportunity to throw the full weight of her power into the balance.

LOCUSTS ON THE MENU

A contemporary says the high cost of living will probably get its death blow during the coming summer, for the people of the United States, at least those who live east of the Blue Ridge mountains and north of North Carolina, will have abundant food at their disposal. If they will only go out and gather it from the fields and the woods. We refer to the seventeen-year locusts.

This periodical visitor is a food and is highly relished by the Arabians. Persians and other races of ranking living in arid regions.

The following quotation from the National Geographic Society is not only interesting but educational, in that it tells us how greatly the locust is relished and how to prepare it for the table.

St. John the Baptist is spoken of as having lived on locusts and wild honey. From the earliest times the tribes that dwell on or near the great deserts of Persia, Arabia and Africa have eaten dried locusts as food and they will keep on doing so as long as huge swarms fly out of the desert.

Arabs eat the flesh of locusts when killed by themselves, but refrain if their death has been caused by cold or the hand of an infidel, as they are then considered impure. Locusts are eaten after the legs, wings and heads have been picked off.

They are either grilled or broiled and prepared with native wheat. If dried in the sun, they are ground to powder and mixed with goats' or camels' milk and cooked in fat or butter and salt. Almost every animal devours locusts; even camels appears to like them as a food.

In Paris many years ago "locust pancakes" were served in cafes. The insects were mixed with honey in order to form this dish.

TRAPPED BY FIRE

One Woman Dead, Score Injured and Several Missing, Police Report.

Columbus, O., May 7.—Fire in a downtown business and apartment building at midnight last night unquestionably has trapped many persons, police say. Men, women and children jumped from upper floors into life-nets.

One baby was thrown from the third floor and caught in arms of a

youth aiding the firemen. All fire apparatus was summoned.

Scores of women who jumped from upper apartments of the seven-story building have been rushed to hospitals as seriously injured. Thirty minutes after the fire started police reported one known dead and estimated those trapped may reach to twenty or thirty. A dozen small children and babies in arms were tossed out windows. The entire upper half of the building is a mass of flames and there is no way of knowing how many had escaped cut off.

Mrs. Charles Speakman, wife of a policeman, was killed jumping from an upper floor, her husband was seriously injured and is in a hospital, and her father is missing, police reports say. Mrs. Robert Knight, thirty-five and son, four, may die from injuries from jumping. Glad Larson, aged five, was reported killed. Eight seriously hurt had reached one hospital. Between seventy-five and 100 persons lived in the building.

BOMBS WERE TEA SETS

bullets and Buck Shot Prove Suspicious Packages Were Harmless

Jackson, Miss., May 7.—"The end of a perfect day" of excitement came Monday evening when postal

inspectors, after attempting in vain to explode three packages which they believed contained infernal machines, ripped them open and found they contained tiny tea and coffee sets, carved out of wood. A card in each package bore these words: "If you have opened this package,

you are entitled to play with the enclosed articles."

The packages were addressed to Governor Bilbo, Mayor Scott and Frederick Sullens, editor of the Daily News, and bore all the earmarks of others in the mails recently containing explosives and addressed to prominent men through out the country.

A volley of revolver shots rattled the packages at the State fair grounds here. When they failed to explode several loads of buckshot were used. After this ceremony, performed before a huge audience, the packages were declared to be harmless and were opened by post-office officials.

SIX KILLED, FOURTEEN HURT

Columbus, Ohio, May 7.—Six persons are known to have been killed, fourteen injured and at least one is missing in a fire which destroyed an apartment house here yesterday.

Straighten Up

THE man or woman afflicted with backache, swollen muscles, stiff joints, rheumatic pains or other symptom of kidney trouble is entitled to sympathy and should have help.

Nature gives early warning of kidney trouble by stiffness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin. It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the body of poisons. With kidneys and bladder properly functioning, appetite is restored, refreshing sleep is possible and health, strength and energy come as a natural result.

C. F. Reynolds, Elmira, N. Y., writes: "Three months ago I was sick in bed with kidney trouble. My back ached so severely I could not get up. We read of Foley Kidney Pills, so I sent for some and commenced taking them. In a few days I was up out of bed and upon leaving the treatment up for some time I was able to go to work. Since then I have had no more backaches and no trouble with my kidneys."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the subtlest cure for colic, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, concentrated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and live stimulating them to natural action, clearing the blood and gently purifying the entire system. They do not irritate, dangerous colic does not occur and the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

HAS REVENGE ON GIRL

Daughter of Detective Who Tracked Him Abducted, Assaulted And Taken Home Gagged

Chester, Pa., May 7.—Revenge of an Italian for having been sent to jail by State Detective James Mell has been taken out upon one of his daughters in treatment of a fiendish character.

On Saturday evening Mildred Mell, 17 years old, went to the Pennsylvania Station here to telephone to Wilmington. Two negroes, said to have been hired by the revengeful man, attacked her in Welsh street. One struck her on the head with a blunt instrument and the other clasped his hand over her mouth to prevent an outcry. They lifted her into an automobile driven by a white man, but whether this

was the enemy of her father is unknown.

Late Sunday night or early yesterday morning her assailant dropped the girl, bound hand and foot and gagged, into the yard at the rear of her home, in Second street, near Fulton. The girl was all but dead when found, and her condition at present is such that physicians are in fear of the outcome.

That the avengers are after Mildred's older sister, Angelina, is indicated by the fact that they kept a photograph of the latter, which they found in Mildred's purse, leaving one of Mildred there.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headache or dizzy spell; if you get poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Alexandria residents desire more convincing proof of their effectiveness than the statement of an Alexandria citizen who has used them and willingly testifies to their worth.

Mrs. R. J. Ayers, 319 South Columbus St., says: "I have found Doan's Kidney Pills a valuable remedy. I have used them at different times when my back has been weak and lame and they have always given me good relief in a short time. Doan's seem to hit the right spot and I always recommend them to my friends."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ayers had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.

COAL, LUMBER AND BUILDING MATERIALS

Your Next Winter's Coal

We do not know what the price of coal
will be next Fall and Winter, as the retail
price is governed by the price at the mines
and the freight.

Our understanding of the present program
is that Anthracite coal will advance ten cents
a ton a month from May 1st to September 1st,
and although we think this program will
probably be carried out yet we are not sure
of this.

We do know that THE MINES CANNOT
PRODUCE, THE RAILROADS CANNOT
HAUL AND THE DEALERS CANNOT
HANDLE nearly enough coal during the Fall
and Winter months to take care of an ordinary
Winter's demand.

This means that coal will have to be
mined, transported and delivered during the
Spring and Summer to avoid a serious shortage
next Fall and Winter.

We advise our customers to take these
facts into consideration and order a reason-
able supply of coal now.

THEATRES

GRAND—DOUBLE BILL

Appearing in one of the finest roles of her screen career, Pauline Frederick, the beautiful "Paramount star," will be seen in "Bella Donna," a picturization of Robert Hichens' great novel, at the Grand Theatre tonight. The character of Bella Donna, the stellar role of the picture, is a remarkable one from the standpoint of art, but Miss Frederick succeeds in vesting it with verisimilitude and convincing sympathy.
Also "Houdini" The Master of Mysteries.

INGOMAR THEATRE

Can any one conceive a photoplay theme more engrossing than a beautiful woman's relentless pursuit of a man who deliberately ruined her husband and drove him to suicide? Or an incident more thrilling than a

beautiful woman, rendered desperate by her husband's ruin, betters herself against the house in a gambling den, when the outcome depends upon the spin of a wheel?

Such a photoplay is "Gambling in Souls," a new William Fox production at the Ingomar Theatre, tonight.

And Madlaine Traverse is the Star. Her beauty has been a subject of universal comment in the motion picture world.

RICHMOND THEATRE

Enid Bennett, the popular Paramount star, has scored a great hit in her latest photoplay, "The Law of Men," which is on view at the Richmond Theatre tonight, and delighting large audiences at every showing. The photoplay is a delightful one and as a sculptress of the Latin quarter of New York, Miss Bennett has a most congenial role. Niles Welch is her leading man.

HOLLAND TO REFUSE DEMAND

The Hague, May 7.—That Holland will refuse the expected demand of the allies to turn Wilhelm Hohenzollern over to them for trial was indicated in information obtained from confidential sources yesterday.

A commission of the best international lawyers in Holland, appointed to examine the question, has

made a secret report to the Dutch government. This report, it is reliably stated, recommends that Holland act strictly in accordance with international treaties to which she is a party.
